OPI Invisible Weekend Extension Tips Workshop

OPI's Invisible Weekend Tips are temporary nail extensions that provide instant glamour nails for special events! Since they are as thin as natural nails and are NOT covered with any Acrylic or Gel enhancement, they look very natural!

OPI Weekend Tips are even **more natural looking** than silk extensions and give nails the length requested in less than no time! They may be worn natural, 'French', nail lacquered or even with nail art on them!

You do not need to be a Nail Technician or Beauty Therapist to attend this OPI WorkShop but knowledge in Nail or Beauty Services helps!

In fact you do not need any qualifications to offer this nail treatment to your family and friends!!

Come and join our **OPI Invisible Extension Weekend Tips Workshop** and learn how you can offer this service safely to your clients and increase your profits!! You would be able to lengthen your clients nails and they would look so natural, no one will be able to tell the difference!!

Furthermore, these OPI Weekend Tips do not need the regular refilling commitment like acrylic or gel extensions! They are perfect for any Special Occasion your client might have!

Although they are recommended as a 'Weekend' solution for elegant nails, clients have found out that they last for much longer! Some wearers even state that they lasted them for well over a week.....a few said even ten days!

The total cost of this OPI WorkShop is €50 which also includes the OPI products necessary to do 5 sets!
